

Brian Harvey has been nominated for the position of Director on the Board of Directors of NLSA.

Brian was raised in St. John's, graduating from Holy Heart of Mary in 1996 as a member of the Senior Boys soccer team, which won the City, Regionals, and 4A championships. He is still bitter about being suspended for the final of the 4As due to an accumulation of cautions.

He went on to play a few years for Holy Cross in the Intermediate League as he pursued his studies at Memorial University, graduating with a BSc (Biology) in 2000. He went on to Law School in Halifax, graduating in 2003 from Dalhousie University.

Brian returned to St. John's and, in 2005, commenced his career in the provincial public service, starting as Special Advisor - Legal & Regulatory Affairs with the Department of Natural Resources, and moving on to a variety of progressively senior positions, such as Cabinet Officer (Cabinet Secretariat), and, Director - Indigenous Affairs (Executive Council). Presently, Brian is the Lead Executive Officer of the provincially commissioned Inquiry Respecting the Treatment, Experiences and Outcomes of Innu in the Child Protection System, a position he has held since 2022.

Although he resumed his "playing career" when he came home from Halifax, playing a couple more seasons in the Intermediate League, before ageing-out and joining 78FC for a few seasons in the Master's League, he has long since hung up his boots, and is now coaching with MPSA, currently working with both the BUI7 CL team and the GUII Tier I team.

Brian lives in St. John's with his wife, two kids, and two cats.
